

SUPPLY LIST
MATHEWS

Advanced Mathematics H/DE

- Binder/Loose leaf paper – Students will receive note taking guides for most sections. I recommend they use a 1.5 to 2.0 inch binder and loose leaf paper for organizing their notes and work.
- Pencils/Pens
- TI-83/84 Calculator – Any version of these will work. They will be used often and are allowed on all quizzes and tests.
- ** Students will also have to pay a \$20 fee for access to MathXL for the year. This will be collected during the first week. All homework, quizzes, and tests will be done online via MathXL
